WEIGHING AND TESTING INSTRUMENTS ■

 **NIGER**

[ABOUT US

NIGER Technologies Pvt. Ltd. is an established Laboratory and Process technology provider with an excellent track record for the best customer satisfaction. With the main motto to provide its customer the most technologically advanced products with features that offer unmatched benefits we have collaborated with some of the well renowned companies worldwide who are pioneer in the field of Weighing, Testing and Calibration instruments. Key NTPL customers are from the Pharmaceutical, Chemical, Food & Beverages industries and also from numerous Research & Educational Institutes.

Our specialized field service technicians and engineers employ regulatory compliant procedures to help our customers efficiently with the below mentioned highlights:

3Q Documentation
(IQ/OQ/PQ)

Calibration &
Certification

Weighing
Audits

GLP, GMP & GWP
Practices

Upgradations

[LAB WEIGHING

Excellent Performance and High Quality for Wide Range of Applications for Various Industries

[MOISTURE ANALYZERS

Speed, Simplicity and Affordability with Halogen Heating

[INDUSTRIAL WEIGHING

- ✓ Table Top Scales
- ✓ Platform Scales
- ✓ Floor Scales
- ✓ Bench Scales
- ✓ Counting Scales
- ✓ Flame Proof Scales
- ✓ Low Profile Scales
- ✓ Crane Scales
- ✓ Pallet Trolley Scales
- ✓ Bar Scales
- ✓ Shipper Weighing
- ✓ Weighing Indicators and Many More

[WATER ANALYSIS METERS

High Performance Benchtop Meters Ideal for Accurate Everyday Measurements in the Laboratory.

[PASSWORD PROTECTED DATA **PRINTER**

Printers for various Weighing Scales Balances, pH Meters and Lab Instruments. Conforming to "Data Integrity".

[CALIBRATION **WEIGHTS**

NABL Certified conforming to OIML guidelines.
